

# PRODUCT INFORMATION

## *CoQ10-100* *with Hawthorn*

***Promotes Healthy Cardiovascular Function\****

***Promotes Healthy Immune Function\****

***Potent Antioxidant\****

CoQ10 is an essential cofactor in the mitochondrial respiratory chain. This electron transport system produces ATP, the high energy intermediate from which metabolic energy is derived. As a result, CoQ10 is necessary for the health of all tissues and organs.

CoQ10 is a required cofactor for myocardial function. Being one of the most metabolically active tissues in the body, the heart may be unusually susceptible to the effects of CoQ10 deficiency.

CoQ10, in addition to its role as a cofactor in energy production, also functions as a potent antioxidant. Numerous pharmacological and clinical studies confirm Hawthorn's benefits in promoting cardiovascular health.

### Supplement Facts

Serving Size: One (1) capsule

Each Capsule Contains:	% Daily Value	
Coenzyme Q10	100 mg	†
Hawthorn berries (as Crataegus oxyacantha)	150 mg	†

† Daily Value not established.

Other Ingredients: Gelatin

#### For Professional Use:

Specifically formulated nutritional product derived from ingredients quality controlled for consistent potency and safety. This product was manufactured in a GMP Certified facility. Contains no GMOs, starch, salt, artificial colors or flavors, corn, wheat, yeast, soy, milk or gluten.

#### Recommended Dosage:

One capsule daily with food or as directed by your health care professional.

**60 Capsules**
