

PRODUCT INFORMATION

Glucosamine Sulfate 500

*Promotes Healthy Cartilage and Joint Function**

Sodium Free

Glucosamine is the essential precursor for the formation of glycosaminoglycans (formerly mucopolysaccharides) and proteoglycans. These connective tissue substances are glucosamine dependent for their synthesis. Comprises 50% of hyaluronic acid, a major component in synovial fluid and lubricant for the joints.

Orally highly bioavailable.

No GI side effects and non-toxic.
