Clinically Proven - Extensively Researched - More Stable

Progena's prestigious Prodophilus has been **dramatically enhanced**. Clinically proven and extensively researched, it is now **stable for 2 years** (bacteria protected from moisture!). Our new *Stability Shield™ bottles* provide all-around protection from temperature and humidity with a built-in **desiccant liner**.

We have also added *Bifidobacterium lactis (UABla-12™)* to complement the renowned *DDS®-1*. This strain provides more **elaborate** research and stability.
